

COMPREHENSIVE PLAN AMENDMENT PROCESS AND MEETING ANNOUNCEMENT

The Town of Green Bay, with the assistance of the Brown County Planning Commission, is amending the Town's comprehensive plan to better reflect the changing development conditions around the area near the Shrine of Our Lady of Good Help. The Town seeks to prepare a vision to inform a specific land use plan for this area to help guide and inform future growth.

The Town of Green Bay and Brown County Planning Commission Staff would like to invite you to the third meeting of the Town's Comprehensive Plan Amendment process on **Tuesday, June 19th, 7:00 p.m. at the Green Bay Town Hall, following the Planning Commission meeting.** This meeting will review the discussion from the April visioning session, and summarize the survey results that followed the visioning session. We will also discuss the top themes emerging from the survey and possible alternatives that the Town could implement to address those.

Based on discussion and feedback around the possible alternatives, the following meeting (in July, or what best suits the Town's schedule) will be an open house meeting to present the refined alternatives in the comprehensive plan amendment.
