

The Friends of New Franken Fire Department is a non-profit organization; our mission is to provide support, service and promote community involvement for the New Franken Fire Department with a vision of helping and supporting the volunteer fire fighters.

The growth, support and needs of the Fire Department are met by businesses and members of the community through donations and various fund-raising events. Unbudgeted and unexpected expenses are incurred throughout the year and from the generous donations we can accomplish these needs.

Most recently, during routine maintenance of the department's rescue boat it was noticed that the tubes were not maintaining air supply due to sunlight deterioration. The boat has been used for numerous trainings and calls for service, including a rescue of seven people this past summer. With summer fast approaching, the boat will be greatly needed to protect the visitors and members of this community.

We are seeking donations to offset the cost of the repair versus purchase of a new boat. You can be a part of this fulfilling opportunity by supporting the Fire Department with a donation. Can't make a donation? Volunteering opportunities are available at our Smelt Fry and Walk/Run events. Check our Facebook page for dates!

When you donate to the Friends of NFFD, you will be donating to a 501.c.3 nonprofit organization that is tax deductible and will directly benefit NFFD. Any donation over \$250.00 will receive a tax deduction letter. A self-addressed stamped envelope is enclosed.

Sincerely,

Members of Friends of New Franken Fire Department Inc.
